FELLOW NUMISMATISTS:

WELL? - YES,

much better and improving steadily — but still not ready to spend day and night on numismatics. However, our program calls for more and more time, whether by sunlight or starlight, to be spent on all phases of our wonderful hobby. In fairness to your principle cataloguer and principle auctioneer, we must have a series of Mail Auction Sales until our backlog of consignments and work is under full control. Nevertheless if a magnificent collection is consigned which should be offered at Public Auction, we will be happy to do so.

This Mail Auction Sale has a group of small consignments plus two larger miscellaneous offerings. One of these is a section of the holdings of a collector-investor-dealer. Other sections will be offered in following sales. There are also several extremely rare specimens of paper money included in this sale.

There will be another Mail Auction Sale in early December and still another is scheduled for February. Additional Auction Sales are planned for the following months. There will be an important offering of the coinage of the Isle of Man. We also have quite a few Irish Gun Money pieces to be offered. This is rather appropriate considering the family squabbles now taking place on the Emerald Isle.

Some time next year we will also have our first Auction Sale devoted to paper money exclusively. Naturally, most of it will be from the rest of the world.

Enjoy !

Sincerely,

HENRY CHRISTENSEN
